## **PART I—FUNDING OPPORTUNITY DESCRIPTION**

### **A. Legislative Authority and Background**

This program is authorized under Section 3(d) of the Act of May 8, 1914, Smith-Lever Act, ch. 79, 38 Stat. 372, 7 U.S.C. 341 et seq. This program supports extension agents on American Indian Reservations and Tribal jurisdictions to address the unique needs and problems of American Indian Tribal Nations.

### **B. Purpose and Priorities**

The purpose of this program is to support Extension agents who establish Extension education programs on the Indian Reservations and Tribal jurisdictions of Federally-Recognized Tribes. In fiscal year (FY) 2007, funded projects will support one or more of the five Strategic Goals outlined in the CSREES Strategic Plan for FY 2004-2009 (see Part VIII, E., Definitions):

- 1) Enhance economic opportunities for agricultural producers;
- 2) Support increased economic opportunities and improved quality of life in rural America;
- 3) Enhance protection and safety of the Nation's agriculture and food supply;
- 4) Improve the Nation's nutrition and health; and
- 5) Protect and enhance the Nation's natural resource base and environment.

## **PART II—AWARD INFORMATION**

### **A. Available Funding**

Funding for new FRTEP projects is contingent upon Congressional appropriations. If funds become available, we expect that approximately \$625,000 will be available to fund new projects in FY 2007. Grants may be awarded to successful applicants. There is no commitment by USDA to fund any particular application or to make a specific number of awards.

### **B. Types of Applications**

In FY 2007, an application may be submitted to the FRTEP Program as a **New Application**. This is a project application that has not been previously submitted to the FRTEP Program. All new applications will be reviewed competitively using the selection process and evaluation criteria described in Part V—Application Review Requirements.

### **C. Project Types**

In FY 2007, applications should be submitted for a 4-year period as CSREES anticipates making these awards as continuation grants in FY 2007 to reduce the administrative burden to the grant applicants. A continuation grant is an award for which an application is approved for a specified time period, but each year of funding (within that specified time period) is awarded on an annual basis and subject to the availability of annual appropriations and satisfactory progress of the project. Therefore, awards made in FY 2007 will provide funds for the first year of the project. It is expected that all four years of the project will be at the same level as the initial project year except for reasonable cost-of-living increases (see Part IV, B.2., Budget). There is no set limit to the amount of funding an applicant may request, nevertheless, funding requests must be reasonable and fully justified (see Part V, B.5., Cost Effectiveness of Proposed Project).

## **PART III—ELIGIBILITY INFORMATION**

### **A. Eligible Applicants**

Applications may be submitted by 1862 and 1890 Land-Grant Institutions, including Tuskegee University and West Virginia State University. Award recipients may subcontract to organizations not eligible to apply provided such organizations are necessary for the conduct of the project. An applicant's failure to meet an eligibility criterion by the time of an application deadline will result in CSREES returning the application without review or, even though an application may be reviewed, will preclude CSREES from making an award.

### **B. Cost Sharing or Matching**

CSREES does not require matching support for this program, and matching resources will not be factored into the review process as evaluation criteria.

## PART IV—APPLICATION AND SUBMISSION INFORMATION

### A. Address to Request Application Package

Only electronic applications may be submitted via Grants.gov to CSREES in response to this RFA.

Prior to preparing an application, it is suggested that the PD/PI first contact an Authorized Representative (AR) to determine if the organization is prepared to submit electronic applications through Grant.gov. If the organization is not prepared, the AR should see [http://www.grants.gov/applicants/get\\_registered.jsp](http://www.grants.gov/applicants/get_registered.jsp) for steps for preparing to submit applications through Grants.gov.

The steps to access application materials are as follows:

1. Download and install PureEdge Viewer, a small, free program that provides access to the grant application. See [http://www.grants.gov/resources/download\\_software.jsp#pureedge](http://www.grants.gov/resources/download_software.jsp#pureedge).
2. The application package must be obtained via Grants.gov, go to <http://www.grants.gov>, click on “Apply for Grants” in the left-hand column, click on “**Step 1: Download a Grant Application Package and Instructions**,” enter the funding opportunity number USDA-CSREES-SLBCD-000322 in the appropriate box and click “Download Package.” From the search results, click “Download” to access the application package.

Contained within the application package is the “[CSREES Grants.gov Application Guide: A Guide for Preparation and Submission of CSREES Applications via Grants.gov](#).” This Guide contains an introduction and general Grants.gov instructions, information about how to use a Grant Application Package in Grants.gov, and instructions on how to complete the application forms.

**If assistance is needed to access the application package** (e.g., downloading or navigating PureEdge forms, using PureEdge with a Macintosh computer), refer to resources available on the Grants.gov Web site first (<http://grants.gov/>). Grants.gov assistance is also available as follows:

- Grants.gov customer support  
Toll Free: 1-800-518-4726  
Business Hours: M-F 7:00 am – 9 pm Eastern Standard Time  
Email: [support@grants.gov](mailto:support@grants.gov)

See <http://www.csrees.usda.gov/funding/electronic.html> for additional resources for applying electronically.

## B. Content and Form of Application Submission

Electronic applications should be prepared following Part V and VI of the document entitled “[A Guide for Preparation and Submission of CSREES Applications via Grants.gov.](#)” This guide is part of the corresponding application package (see Section A. of this Part). The following is **additional information** needed in order to prepare an application in response to this RFA. If there is discrepancy between the two documents, the information contained in this RFA is overriding.

### 1. R&R Other Project Information Form.

a. Project Summary/Abstract (Field 6. on the Form). The summary should also include the relevance of the project to the goals of FRTEP.

b. Project Narrative (Field 7. on the Form).

The Project Narrative shall not exceed 20 pages of written text and up to five additional pages for figures and tables. This maximum (25 pages) has been established to ensure fair and equitable competition. The Project Narrative must include all of the following:

- (1) Situation Statement, Goals Statement, and Statement of Program Objectives: The Project Description should include the situational statement that indicates the need for funding and the program goals and objectives.
- (2) Target Audience(s) and Geographic Description of the Area to Be Served.
- (3) Statement of Approach: Include a description of major strategies to be undertaken; procedures for stakeholder input; anticipated program delivery methods; observation on the feasibility of reaching program objectives and the relevance of methods used to reach objectives; identification of partnerships and a description of each partner’s roles and responsibilities, including those of the Cooperative Extension Service(s) and the Tribe(s); and a proposed timeline for achieving the major objectives.
- (4) Project Review and Evaluation: Identify appropriate methodologies for reviewing and evaluating the project.

c. Other Attachments (Field 11. on the Form).

- (1) Letters of Support. Letter(s) indicating support from the Tribe(s) and/or Tribal department(s), e.g., Land and Water, Fish and Game, Natural Resources, Agriculture, etc., must be included. The letter(s) must indicate support for the project objectives and a commitment to provide appropriate office facilities, including utilities, for the project.
- (2) Appendices to Project Narrative. Appendices to the Project Narrative are allowed if they are directly germane to the proposed project. The addition of appendices should not be used to circumvent the text and/or figures and tables page limitations.

- (3) Collaborative Arrangements. If it will be necessary to enter into formal consulting or collaborative arrangements with others, such arrangements should be fully explained and justified. If the consultant(s) or collaborator(s) are known at the time of application, a vitae or resume should be provided. In addition, evidence (e.g., letter of support) should be provided that the collaborators involved have agreed to render these services. The applicant also will be required to provide additional information on consultants and collaborators in the budget portion of the application.

## 2. Budget

Applicants may request funding to pay travel costs for up to two meetings per year for members of a Federally-Recognized Tribes Extension Program Advisory Committee. In addition, an amount budgeted should include sufficient funds for the Reservation Extension Agent to attend the annual meetings of the FRTEP Agents and the annual meetings of the Intertribal Agriculture Council or the Southwest Indian Agriculture Association, or both.

The initial year of funding (FY 2007) is to be used as the base for funding in years 2-4, therefore, subsequent yearly funding requests (and budgets) must not exceed the amount requested for the first year, plus a reasonable cost-of-living adjustment. In addition to specific yearly budget requests, a cumulative budget is required detailing the requested total support for the overall project period.

## 3. CSREES Supplemental Information Form

- a. Program Code (Field 2. on the Form). Enter the program code name (i.e., enter “Federally-Recognized Tribes Extension Program”) and the program code (i.e., enter “LP”).
- b. Conflict of Interest List (Field 4. on the Form). A conflict of interest list is not required under this program. Do not include a conflict of interest list.

## C. **Submission Dates and Times**

**Instructions for submitting an application are included in Part IV, Section 1.9 of the CSREES Grants.gov Application Guide.**

Applications must be received by Grants.gov by COB on February 23, 2007 (5:00 p.m. Eastern Time). Applications received after this deadline will normally not be considered for funding.

The receipt of all applications will be acknowledged by e-mail. Therefore, applicants are strongly encouraged to provide accurate e-mail addresses, where designated, on the SF-424 R&R Application for Federal Assistance.

If the AR has not received a confirmation message from CSREES within 30 days of submission of the application, please contact the Program Contact identified in Part VII of the applicable RFA (for the Small Business Innovation Research program (SBIR) the Program Contacts are

specified under subsection 1.5 of the SBIR Program Solicitation) and request the proposal number assigned to the application. **Failure to do so may result in (for competitive programs) the application not being considered for funding by the peer review panel or (for non-competitive programs) a delay in the issuance of an award. Once the application has been assigned a proposal number, this number should be cited on all future correspondence.**

#### **D. Funding Restrictions**

Pursuant to Section 1473 of the National Agricultural Research, Extension, and Teaching Policy Act of 1977, indirect costs and tuition remission are unallowable and no funds will be approved for this purpose. Costs that are a part of an institution's indirect cost pool may not be reclassified as direct costs for the purpose of making them allowable.

Any expense not directly related to the program or project is considered unallowable. Examples include child-care services, kitchen help hired to prepare refreshments, and promotional or appreciation gifts such as clothing, coffee mugs, or bags.

CSREES has determined that grant funds awarded under this authority may not be used for the renovation or refurbishment of research, education, or extension space; the purchase or installation of fixed equipment in such space; or the planning, repair, rehabilitation, acquisition, or construction of buildings or facilities.

#### **E. Other Submission Requirements**

The applicant should follow the submission requirements noted in the document entitled "A Guide for Preparation and Submission of CSREES Applications via Grants.gov."

## **PART V—APPLICATION REVIEW REQUIREMENTS**

CSREES will provide copies of forms recommended for use in fulfilling these requirements as part of the preaward process. Although an applicant may be eligible based on its status as one of these entities, there are factors which may exclude an applicant from receiving Federal financial and nonfinancial assistance and benefits under this program (e.g., debarment or suspension of an individual involved or a determination that an applicant is not responsible based on submitted organizational management information).

All funds granted by CSREES under this RFA shall be expended solely for the purpose for which the funds are granted in accordance with the approved application and budget, the regulations, the terms and conditions of the award, the applicable Federal cost principles, and the Department's assistance regulations (parts 3015 and 3019 of 7 CFR).

## **PART VIII—OTHER INFORMATION**

### **A. Access to Review Information**

Copies of reviews, not including the identity of reviewers, and a summary of the panel comments will be sent to the applicant PD after the review process has been completed.

### **B. Use of Funds; Changes**

#### **1. Delegation of Fiscal Responsibility**

Unless the terms and conditions of the award state otherwise, the awardee may not in whole or in part delegate or transfer to another person, institution, or organization the responsibility for use or expenditure of award funds.

#### **2. Changes in Project Plans**

a. The permissible changes by the awardee, PD(s), or other key project personnel in the approved project shall be limited to changes in methodology, techniques, or other similar aspects of the project to expedite achievement of the project's approved goals. If the awardee or the PD(s) is uncertain as to whether a change complies with this provision, the question must be referred to the Authorized Departmental Officer (ADO) for a final determination. The ADO is the signatory of the award document, not the program contact.

b. Changes in approved goals or objectives shall be requested by the awardee and approved in writing by the ADO prior to effecting such changes. In no event shall requests for such changes be approved which are outside the scope of the original approved project.

c. Changes in approved project leadership or the replacement or reassignment of other key project personnel shall be requested by the awardee and approved in writing by the ADO prior to effecting such changes.

amounts requiring prior approval as set forth in the applicable Federal cost principles, Departmental regulations, or award.

### **C. Confidential Aspects of Applications and Awards**

When an application results in an award, it becomes a part of the record of CSREES transactions, available to the public upon specific request. Information that the Secretary determines to be of a confidential, privileged, or proprietary nature will be held in confidence to the extent permitted by law. Therefore, any information that the applicant wishes to have considered as confidential, privileged, or proprietary should be clearly marked within the application. The original copy of an application that does not result in an award will be retained by the Agency for a period of three years. Other copies will be destroyed. Such an application will be released only with the consent of the applicant or to the extent required by law. An application may be withdrawn at any time prior to the final action thereon.

### **D. Regulatory Information**

## **F. CSREES' Grants.gov Implementation Plans**

CSREES is continuing to develop its capacity to exchange proposal and grant data electronically with its grantees through [Grants.gov](https://www.grants.gov) and to process, review, and award proposals and grants electronically.

In Fiscal Year (FY) 2006, CSREES offered an electronic application option for select grant programs and partnered with five institutions to use Grants.gov Apply. CSREES utilized the SF-424 R&R (Research and Related) forms package (see 70 FR 9656, published in the Federal Register on February 28, 2005) along with CSREES Agency-specific forms and instructions to

receive the electronic applications. These pilot activities were successful and provided lessons for applicants and CSREES.

As a result, for the FY 2007 (October 1, 2006-September 30, 2007) cycle, CSREES is requiring electronic submission through Grants.gov for some programs while providing a Grants.gov option for others. Please visit <http://www.csrees.usda.gov/funding/fy07changes.html> for information about FY 2007 submission requirements by program. For more information about CSREES' Grants.gov plans, including important announcements, program implementation, and detailed requirements, see the CSREES' web site, [http://www.csrees.usda.gov/business/other\\_links/egov/egov.html](http://www.csrees.usda.gov/business/other_links/egov/egov.html). ## **G. DUNS Number**

A Dun and Bradstreet (D&B) Data Universal Numbering System (DUNS) number is a unique nine-digit sequence recognized as the universal standard for identifying and keeping track of over 70 million businesses worldwide. A Federal Register notice of final policy issuance (68 FR 38402) requires a DUNS number in every application (i.e., hard copy and electronic) for a grant or cooperative agreement (except applications from individuals) submitted on or after October 1, 2003. Therefore, potential applicants should verify that they have a DUNS number or take the steps needed to obtain one. For information about how to obtain a DUNS number go to <http://www.grants.gov/RequestaDUNS>. Please note that the registration may take up to 14 business days to complete.
